

# Harini P

Student

## 👤 Profile

I am a very practical person with amiable disposition and strong cultural value. I strongly believe in accuracy and precision in whatever I do. I believe I am Fast learner and I have good communication skills that would provide transparency and productivity in the organization.

## 🎓 Education

**B Tech, Sri Krishna college of engineering and Technology, Coimbatore**

I am currently pursuing my B.Tech in Information Technology at Sri Krishna College of Engineering and Technology.

## ★ Projects

### AGRICULTURE LOAN PORTAL

- I worked alongside a team of individuals to design an Agriculture Loan Portal that provides farmers with a user-friendly interface to apply for and manage loans. Our approach involved utilizing React, Springboot, and MySQL technologies. The platform comes equipped with features such as real-time status monitoring and is continuously improved based on user feedback.

### APPLICATION TRACKING SYSTEM

- My team and I worked together to develop an advanced application tracking system that employs modern technologies including React, Springboot, and MySQL. This system enables us to easily monitor all job applications without any hassle.

### EMPLOYEE TIMESHEET MANAGEMENT

- My Team and I created a console application to manage employee timesheets using Java and MySQL. This app simplifies your timesheet management process, making it easier for you to track employee hours, monitor project progress, and generate reports.

## ★ Certificates

- AWS Academy - Completed AWS Academy Cloud Foundations course. Earned badge and certificate.
- CISCO - I have completed both Python Essentials 1 and 2 courses and have earned student-level credentials. I was awarded a badge by Cisco.
- I have completed a course in Introduction to Cyber Security and earned a certificate and badge.
- Infosys Springboot - I have earned a certificate by completing a challenging course in Kotlin programming.
